i bought two MPX w6600x. Is Thailand right next to South Korea? I placed an order, and DHL picked it up within a few hours, and I received it just two days later. I was even more surprised that the price was less than half of a new product's price. Precise handling, good pricing, and an incredibly fast shipping process. I couldn't find a single fault, and for the first time, I thought about dealing with this seller again. + working perfectly!
